 Locking Bases and Fittings
 Type A Table Interlocker
 Vertical Locking

Type A Table Interlocker
Vertical Locking
Locking Bases and Fittings
For Interlocking Between Units

NOTE: This plate is included for ordering locking, bases and parts for interlockers where vertical locking is used. Bases shown on this plate are applicable to all table interlockers and will replace horizontal locking bases when desired.

Drawing references are shown for convenience in checking shipping lists and invoices.

Fig. No.	Name	Drawing Reference
Order by plate, figure number and name		
A	Locking Base Complete, as shown, includes tappet bars, bolts, etc., for fastening to a single unit of table interlocker. Straps Figs. 9 and 10, plate Fig. 11 and frame Fig. 27 must be ordered separately according to number of units to be connected.	51401-1
1	Locking Dog. No drilling.	53785-3
1a	as above, except drilling A.	53785-4
1b	same as Fig. 1, except drilling B.	53785-5
2	Locking Dog. No drilling.	53787-5
2a	as above, except drilling A.	53787-6
2b	same as Fig. 2, except drilling B.	53787-7
2c	same as Fig. 2, except drilling C.	53787-8
2d	same as Fig. 2, except drilling D.	53787-9
3	Locking Dog. No drilling.	53786-5
3a	as above, except drilling A.	53786-6
3b	same as Fig. 3, except drilling B.	53786-7
3c	same as Fig. 3, except drilling C.	53786-8
3d	same as Fig. 3, except drilling D.	53786-9
4	Locking Dog. No drilling.	53782
4a	as above, except drilling A.	53782-1
4b	same as Fig. 4, except drilling B.	53782-2
5	Locking Dog, special, as shown.	21059-1
6	Locking Dog. No drilling.	53795
6a	as above, except drilling A.	53795-2
6b	same as Fig. 6, except drilling B.	53795-1
7	Guide, for holding special dog to tappet bar.	21060-4
8	Tappet Bar, for locking lever.	53209-3
9	Strap, as shown, for connecting top of units. Specify number of units to be connected.	51432
